

# Connor O'Doherty

373 Tompkins Ave  
Brooklyn, NY. 11216  
(503) - 358 - 5762

[connor.t.odoherty@gmail.com](mailto:connor.t.odoherty@gmail.com)

## Skills

- Programming languages: Javascript, Java, C, C++, Python
- Experience in Express, Node, and React
- Knowledge of HTML, CSS and web design
- Other technologies: MongoDB, Git, SQLite, Photoshop, Adobe XD

## Selected Projects

- **Photo Folder** - A web app to organize and save photos and images from the internet  
[photo-folder.up.railway.app](http://photo-folder.up.railway.app) (You can log in with username: *example*, password: *password*)
  - Built from scratch using Node and Express with MongoDB integration
  - HTML and CSS implement Handlebars and SASS to create a clean, simple, visually pleasing site
  - Allows new users to register with username and password, uses bcrypt to hash passwords to ensure privacy
- **Free Code Camp** - Open source contributions  
<https://github.com/freeCodeCamp/freeCodeCamp/pull/49969>  
<https://github.com/freeCodeCamp/freeCodeCamp/pull/50036>
  - Unit tests and UI fixes
  - Gained insight into workings of large collaborative projects and code contribution protocols

## Education

August 2018 - May 2023

**New York University, 60 Washington Square S. New York City.**

**Relevant Coursework:** Applied Internet Technology, Data Structures, Basic Algorithms, Computer System Organization, Operating Systems, Object Oriented Programming, Intro to Web Design, Intro to Computer Science, Intro to Computer Programming
